As I Show You the New and the Old

Conditions are rapidly changing in our society. In practically every field there is an urgent need to expand. Peru was one of the many towns that found this condition true. For this reason, she increased her educational facilities by adding a new junior high school, which went into operation at the beginning of the second semester.

Since classrooms have become more crowded each year, in both junior and senior high, beginning next year the ninth grade will be included in the seventh and eighth grade building. Thus, PHS was happy to meet and welcome her last freshman class in the fall of 1960.

In many ways, Peru High School is changing. But there is one characteristic that will always remain the same. This is her friendliness.

Thronged with busy, happy students, PHS is truly the place to gain friends, whether in the crowded halls, during locker chats, at ball games, or in class rooms. Each year we become acquainted with new books and new friends. We come to school primarily for the purpose of working and learning, but how much easier it is to do this when we know we are surrounded by gay, smiling faces.

Electing a student body president and class officers, choosing queens and their courts, attending formal and after-game dances, walking to class, and participating in class discussions are all ways in which students mix pleasure with work.

Let's join the guides as they introduce us to the many phases of our school life in PHS.

First we want you to

SEE US AS WE REALLY ARE, AS . . . . .

I'm a nice loyanda wonderful classmate. I hope we are in some classes together next year. "Good Luck Always" Mary Lou Richter "63"

Max

You are one of the sweetest guys I've ever met. Too bad you weren't in any of my classes this year. But we still had a ball teasing Mr. Berkshire didn't we!? I really hope you are in some of my classes next year. Be good and I'll see you then. Love

Sue

Our Year Starts Like This . . .

Although quiet prevailed through PHS on September 6, 1960, the school burst with activity the next day, as students and teachers bustled through the halls, preparing for another big opening day.

Having spent a summer of leisure, most students entered the school reluctantly, thinking of the work ahead of them. Freshmen doubtfully looked for the rooms to which they had been assigned, while other students easily found their way to last year's homerooms. Each was certain of one thing—he would meet at least a few new acquaintances during the year.

Because of the increased enrollment, two teachers were added to the faculty, and four were hired as replacements. Additional changes will be made next fall when several teachers transfer to the new Jr. High School.

"And this must be my office," says Mrs. Mary Keith, the yearbook adviser, as she and other new teachers, Mr. Clifford Snyder, Mr. Ronald Bodine, Mr. Jerry Forrest, Mr. Donald Queener, and Mr. Florin Williams, tour the buildings.

All is quiet in the library during the first weeks of school: no seniors working on research papers, no freshmen learning how to use the card catalog. But wait until the year gets started! Then the PHS library becomes the busiest room in the school.

Alan —
This year sure has been a blast and I'm glad I got to know you better. Don't forget those days when you showed me how to keep score

Keith Brad [illegible] book rent to Miss Susie [illegible] because he is a new student. Keith just moved to PHS from Grand Rapids, Michigan.

Students at PHS take their lives in their own hands when the bell for passing period is rung. As freshmen and new students enter PHS, they are awe-struck by the congestion in the halls. If a book is dropped during the mad rush, it might as well be considered a loss. Turning around is all but impossible.

Pizza parties are loved by PHS students, freshmen as well as seniors. Kay Burgher, Andrea Schmidt, Jeannie Simon, Susan Volpert, Linda Crawford, and Sondra Crawford celebrate a football victory with pizza, cokes, and dancing.

"First editions form opinions," seems to be the thought of John Wolf as he critically scans this year's first Peruvian and realizes that, as chief editor, he has a lot of work in store for him.

Beatnik style nursery rhymes sound strange to children, but girls attending the Girls' League Kid Party enjoyed the variations presented by representatives and cabinet members.

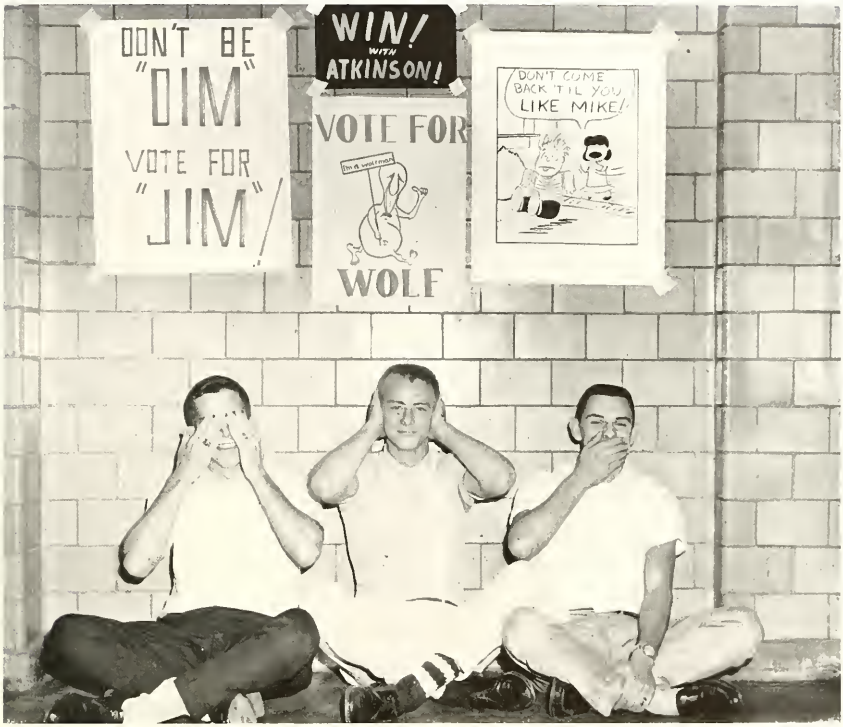
Freezing at football games, buying tickets for the Kid Party, getting up enough nerve to ask that someone "special" to go to one of the dances, and urging the basketball team on to victory are just a few of the many extra-curricular activities occupying students' spare time.

Often after football or basketball games, a group of girls gather at one home for a slumber party. No one gets much rest, but everyone eats to her heart's content and learns all the latest school gossip.

Although not in many activities, freshmen never have the chance to become bored. Most of their time is spent learning the "do's and don't's" of high school life. Sophomores show that they are really a part of PHS as they perhaps join another club, participate in the Rodeo, or take a hand in publishing the school paper which is provided for the entire student body.

Membership in the National Honor Society, Quill and Scroll, Science Club, or other selected activities is often desired by juniors and seniors. Many also look forward to the day when they can display their acting abilities in class plays.

We Find Many Things To Do . . .



"See no evil, hear no evil, speak no evil." This is a classic pose not only for monkeys but also for presidential candidates. Under some of their posters are Student Body President hopefuls Jim Gothard, John Atkinson, and John Wolf. Absent was Mike Reinhardt.

During the year we found many things to do, from filling out enrollment cards at the first of the year to parading through the halls campaigning for our candidates for Student Body President. This year four students campaigned for the highest office in the school. John Wolf won the honor and represented the school in many ways; he was chairman of the Student Council, introduced the auditorium performers, and, most enjoyable, kissed the Homecoming and Rodeo Queens.

At the beginning of each semester students had to take time out to complete many forms and blanks to help school officials. Pierre Chapin, freshman, uses the Dean's Office to fill out his enrollment blank.

Here Each Finds an Interest . . . .

The contrast in activities at Peru High, from Patrol Club to formal dances, is sharp. There is something for the shy, serious, light-hearted, pensive, and generous student. From the beginning of the year to the end, the school calendar in Mr. Delph's office is crowded with activities in which all can participate.

Girls had a chance to see just how the opposite sex have to budget their money, when they asked the boys for dates during "Sadie Hawkins" week. School work comes first, but PHS students are fortunate to have so many extra-curricular activities.

"But, of course, orchids are my favorite flowers," Carol Erlenbaugh assures Jerry Bradley at the Thanksgiving Dance, "Moonlight and Shadows." The dance was sponsored by the Triangular Club, composed of senior girls. Unusual bracelets and key rings were given as favors to those attending.

Emphasizing that safety is no joke is Mr. Noel Davis, sponsor of the Patrol Club. Members are Bill Myers, Larry Butzin, Ronnie See, Dick Hendricks, Charles Soams, Kenny Gipson. In the back row are Steve Grimes, Chuck Phillips, John Marcotte, Richard Garver.

Providing entertainment at such events as the Kid Party, the Junior Play, and the Mother-Daughter Tea was the job of the new PHS combo, known as the Nobilities. Members Sam Goodwin, Bob Wright, Ronnie Doucette, Bill Goodwin, and Tim Noble here are practicing for one of their many engagements.

A dramatic finale for the Christmas Concert is provided by the Choir as they sing the well-known "Christmas Song."

Another important part of the Music Department is the Swing Choir. Members are: **Front Row:** C. Erlenbaugh, K. Burgher, B. Norem, P. Gallagher, J. Waltz, accompanist, L. Bishop, J. Devine, S. Porter, H. Bazarnyj. **Back Row:** B. Snyder, T. Noble, E. Schmidt, R. Geyer, D. Exmeyer, J. Gothard, J. Atkinson, D. Rassner.

We Watch Football, Date, and Dance

From fall to Christmas we found many opportunities to forget the problems of academic life. During the early months of school, most of our Friday nights were spent at Bengal Stadium, watching the Tiger football team enjoy one of their best seasons as they won the Conference championship.

Although some students found football uninteresting, nearly all were fascinated by the half-time shows put on by the Band. Neither cold winds nor frosty autumn air chilled the enthusiasm of the performing Tigerettes and Majorettes.

After the football season, dances helped us forget the monotony of the daily grind. Those who attended the annual Christmas Dance sponsored by the Girls' League remember the surprise visit from Santa and the College Clubmen from Purdue.

"Strutting and fretting" their hours upon the stage are the PHS Tigerettes. Their stage during the fall was the football field where they alternated shows with the Majorettes during half-time at home games.

"There couldn't be enough room for him to go up," exclaims Ronny Burkhart to his date, Jackie Devine left, during the intermission of the Christmas Dance.

Assuring Ronnie that Santa always manages to get up the chimney are Pat Clark and Janie Struble.

Homecoming Beauties Resemble Royalty

Preceded by a bonfire that had a record attendance, Homecoming night thrilled the PHS student body. After President John Wolf crowned and kissed Queen Linda Bishop during the half of the Peru-Kokomo football game, a parade of floats was presented by members of various clubs. The giant imitation football player of the Industrial Club won first place, while the P Club and FHA won second and third respectively.

Even though the Tigers were beaten by the Wildcats, students managed to cheer up for the after-game "celebration" dance.

A dream came true for Linda Bishop when she was driven around the football field in a convertible and then crowned the 1960 Homecoming queen.

Sparkling like true princesses are the attendants of the Homecoming court: Senior Attendant Kay Burgher, Junior Attendant Sally Wiltshire, Freshman Attendant Donna Crawford, and Sophomore Attendant Gerrie-Anne Daly.

Seniors Portray Tough City Hoods in Play

On the set and ready for the opening curtain is the cast of the Senior Play. **Seated:** S. Volpert, D. Burrous, D. Werner, K. Burgher, C. Sharpf, C. Temple. **Standing:** J. Wilson, B. Dowden, H. Bazarnyj, B. Hudson, P. Coady, C. Disborough, T. Smith.

Dino, a boy sixteen years old, had returned to his home after serving four years in a reformatory for murder. Dino still had many problems. He found his parents indifferent to him. Everyone seemed to look down on him, and his younger brother encouraged Dino's previous way of living by setting him up as an idol.

With the help of a social worker and a young girl who worked at the settlement house, Dino finally found himself and discarded his revengeful aims.

The stage being divided into two scenes, the social room and the office of the settlement house, created an unusual effect. While there was action in one room, the other was completely darkened.

The $346.17 profit from the play was used for the senior class gift.

Dino Falcaro (Dick Sims) livens up the settlement house lobby by answering the jeers of Danny (Jay Weinke) and Steve (Mike Miller) with some action.

Mr. Carol Wright, director, gives Bonnie Jackson (Shirley), Linda Bishop (Student Director), and Mike Reinhardt (Larry) some last minute instructions.

'A Date With Judy'

"Now, tell me, Mitzi, how am I going to get a date with Judy?" asks Oogie Pringle (Kraig Dawalt) of Mitzi Hoffman (Louise Tschmel). Waiting for a reply to this "touchy" question are Susie O'Conner (Dorothy Stegman) and Rex O'Conner (Mike Bullock).

Much to the dismay of everyone, Eloise must practice her elocutin'. Listening in are Mr. Martindale (Fred Holmes), Mrs. Hotchkiss (Kathy Geberin), Mrs. Shultzhammer (Mary Jo Willingham), Barbara Winsocket (Susan Carlin), and Hannah (Susan Sterling). Eloise Hotchkiss is portrayed by Holly Stephenson.

"The family is real proud of you, Judy," says Dora Foster (Barbara Parsons) as Melvin Foster (Jim Howard) and little brother Randolph (John Herrell) look on.

Trying to get a date with Judy Foster is like trying to get a date with a movie queen; at least for Oogie Pringle it is. Judy, portrayed by Vicki Welke, is trying to become queen of her school dance.

Since the girl who earns the most money gets to be queen, Judy almost drives her family insane by selling subscriptions for the Community Relief and entering contests.

After entering names of her friends and family in several contests, thus causing much confusion, Judy finally becomes queen. Her biggest enemy, Tootsie Whiteman, the real queen, gets the hives and cannot attend the dance.

Mr. Carroll Wright directed the Junior Play, assisted by Sally Wiltshire, student director.

Year's High Spots Include Senior Cords,

As the end of the year rolls around, many seniors begin thinking of their college plans. Seniors Larry Deck and Kay Burgher leaf through some of the college bulletins found in the Dean's office. These up-to-date bulletins help many students make up their minds as to which college is best suited for them.

During the year many couples are seen near each other's lockers. Gene Kehler helps Jeannie Simon take her books from her locker as they get ready to go home after another day at PHS.

At the end of the year the hectic week of final exams comes up. Freshmen Leroy Pope and Joe Eisaman bone up for their math final as they try to make their first year at Peru High School a successful one.

Photo-finish Fund Drive . . . and Exams

The year, which started with the warmest fall anyone could remember, moved on rapidly through a CIC championship football season, a "blacked out" Senior Play, and a Rodeo that wasn't. Mr. Noble's choristers made our Christmas season gay with the traditional "Twelve Days of Christmas." Then came the post-holiday doldrums followed by frenzied cramming for our most important activity, final exams.

Attention then turned to our second most important activity — basketball. The honoraries tapped their fortunate few, and seniors began to visit with college representatives during homeroom periods, take college boards, and apply hopefully for scholarships. Rivaling the competition in basketball was the spirited race between two senior homerooms in the all-school United Fund drive, ending in a hard-fought eight-cent victory for Home Room 216. The Junior Play, the postponed Rodeo, the Prom, and commencement activities came in rapid succession, bringing to a close another year at PHS.

Trying to decide who will buy what from whom are John Wilson, Sara Spandau, and Janet Gustafson. This scene was repeated many times during the week of the United Fund, the new program for uniting all school fund drives this year.

"Wait 'til next year," think Juniors Joyce Long and Jim Raymer, far left and right. At the end of the year many different types of Senior Cards were worn at PHS, such as those decorating Seniors Don Exmeyer, Neah Groat, and Tom Keith.

Principal Earl Delph Is Friend to Teachers and Students

A figure of authority as he stands in front of the main entrance to Peru High, Mr. Delph seems to be monarch of all he surveys. The office of the principal is the center of school activity.

Administering school policies set up by the school board, preparing class schedules, and arranging school activities are just a few of the numerous duties of Principal Earl Delph. He is always busy handling school affairs.

Assisting him with his many duties are his secretary, Charlotte Baker, and the extra-curricular fund bookkeeper, Susie Dyer. They are always on hand to aid students when Mr. Delph is occupied. Miss Baker's duties include making a daily list of absentees, filling out honor roll cards, showing students how to sign out, and various other work; Miss Dyer sells basketball, football, and cafeteria tickets.

Most freshmen become very frightened on the first day of school in the fall when Mr. Delph gives his opening speech on the public address system. However, once these new students have learned who is boss, they begin to look upon this man as a friend who wants to help them succeed, not only in school but also in later life. Each year students become closer to Mr. Delph.

Both teachers and pupils are assured of understanding and thoughtful advice from the principal. Juniors and seniors rely on him to help support school projects, such as class plays and the Rodeo. College-bound seniors are grateful to Mr. Delph for all the time he spends in filling out records of high school grades and sending them on to designated colleges.

Students found Mr. Delph very cooperative when they signed a petition to have a pep session before each basketball game. They consisted of skits drawn up and presented by members of the student council. The pep talks given by Mr. Delph and other teachers often influenced both the student body and the team members. He also permitted a caravan of cars to travel to Kokomo for the regional games. No matter how busy he may be, Mr. Delph always has time to listen to the varied problems of the students.

A new acquaintance to some and an old acquaintance to others, Mr. Delph is certainly a friend to all—students as well as teachers.

A chart recognized by all students who have taken the typing course is held by Mrs. Moon, typing teacher, for the benefit of Tom Anderson.

Adding the many rows of numbers in Mr. Snyder's bookkeeping class is Michelle Montgomery. There are three electric adding machines available at PHS.

Commercial Subjects Cause Many Night Lights To Burn

A wide selection of commercial subjects is offered at Peru High School. These subjects range from general business to advanced bookkeeping.

Many students who are interested in going into the business field start as freshmen on the commercial course. In the first two years of the four-year course, business education students take subjects such as general business, bookkeeping, and commercial arithmetic. For persons who wish to take advanced studies in the commercial field, typing, shorthand, and bookkeeping are offered. Students who are majoring in business education take one or more of these advanced subjects.

Those who plan to go to college often take typing and shorthand. There is a one-semester course in typing for just this purpose. Students also find shorthand useful in college.

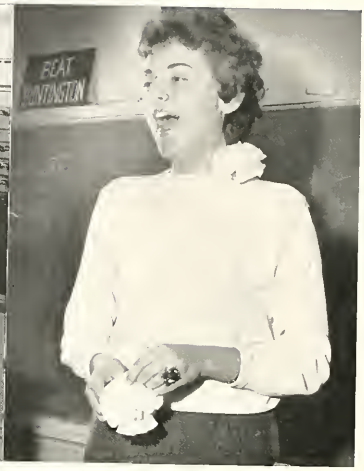
Presenting instructions to Werner Behney and Catherine Wise on how to operate the voting machine, which is kept in the high school apartment, is Jim Palmer, one of the government class instructors.



A demonstrative speech on how to make puffy flowers out of colored tissues is given by Alice Myers. This is one type of talk that all students taking speech must give.

English Students Use Voting Machine, Speak Before Groups

This year being election year, voting was taught by the government classes to all freshmen and sophomores in their English classes. Since one of the city's voting machines is kept in the high school apartment, each student was given the opportunity to vote on the machine during his class period.

One of the required subjects at Peru High School is speech. For some students who are rather shy, speech is dreaded from the freshman year until it is taken the sophomore year. During the semester beginners in speech give demonstrative and extemporaneous speeches, and take part in panel discussions. Advanced speech courses also are offered, and every other year dramatics is scheduled. Students in the advanced speech classes and members of the National Forensic League attend speech meets and have the opportunity to win coveted trophies.

In the place of English 201 sophomores may take journalism. This course acquaints the students with the school paper and the school yearbook. This year an advanced course in journalism was offered the second semester for students who were interested in furthering their education in the field of journalism. After completing a journalism course, students often take part in the publications.

One of the annual events in second year Latin classes is the Roman wedding. This ceremony is presented in a manner resembling that of a real Roman wedding. Students dress in the customary togas. After the ceremony Roman wedding cake is served. This year on March 10 there was also a Spanish fiesta.

One of the courses which most seniors on the college entrance course take is English 403, or as most people know it, English Comp. The main paper which students write for this subject is a 3,500 word research paper. Students may write on any subject except those which have been used in previous years. During the second semester many seniors also take English Literature, reading one of their favorite plays, "Macbeth." This advanced course covers the literature written during various periods of history.

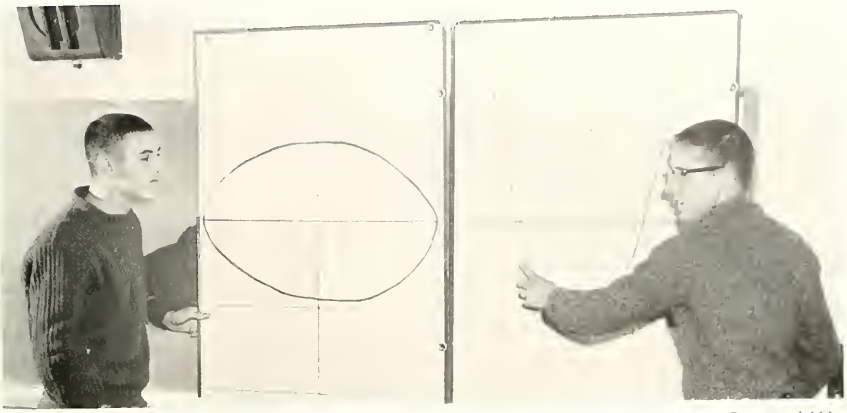
Mathematics Courses Train Future Businessmen and Women



One of the interesting phases of mathematics is the drawing of graphs. Looking over some of the graphs used in advanced algebra are Homer Bates and Mike Bullock.

As the years go by, more and more students are becoming interested in mathematics. This year there were enough students signed up to fill two college algebra classes.

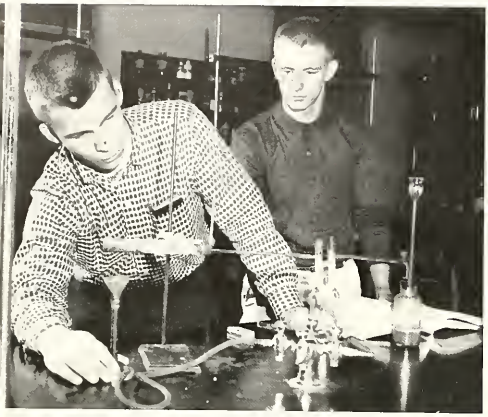
Every other year solid geometry is offered. As a part of their work, students enrolled in this course make three-dimensional objects. A course which really precedes solid geometry is advanced algebra. This unit of algebra deals with different types of graphs.

Freshmen on the college entrance course take beginning algebra, while others take a year of general math. The first year of mathematics is very important, for it serves as a foundation for all other math the student may take. Each year there are numerous openings for mathematicians in the business world.

To learn how to use the compass and ruler is one of the fundamental skills of general math. Mary Chapman and Kent Dawalt show some of the unusual designs that can be made with these tools.

One of the projects of solid geometry class was to build three-dimensional geometric figures from cardboard. Elvin Cooper and Susan Volpert look over some of their classmates' work.

Although Difficult, Biology, Chemistry, Physics Interest Many



Even though the experimenter is quite sure there won't be an explosion, John Atkinson watches with some doubt as Mike Adamson tests an unknown solution.

Science is being stressed more every day in our modern society. PHS offers three science courses. Biology is required for every student. Either chemistry or physics is taken by all juniors and seniors on the college entrance course.

Every student will remember Mr. Oury's or Mr. Prible's biology classes. Who can forget dissecting frogs, and making scrapbooks on trees and their leaves from information gathered during field trips! Biology students also learned about the complicated make-up of the human body.

Facts of chemistry may be remembered only by the chemistry students, but the entire school will remember the terrible odors that have drifted from Mr. Dice's room.

Physics opens a new realm of understanding for Mr. Dice's classes. They become acquainted with nature's laws through difficult problems and class demonstrations. Who knows what future scientist might be learning the basic fundamentals of his life work?

While leading one of the many field trips, Mr. Oury shows his biology students the irregular shape of the mulberry leaf and tells them other interesting facts about the tree.

Wondering how fish breathe under water is Patricia Avery as she looks into one of several aquariums which are kept for the benefit of biology students.

Several subjects in Peru High School are required by law. Two of these subjects are health and safety.

In health, students study the different parts of the human body and how they function. Health classes have at their disposal several plaster of paris molds. One of these molds is an enlarged human heart and another is of an ear.

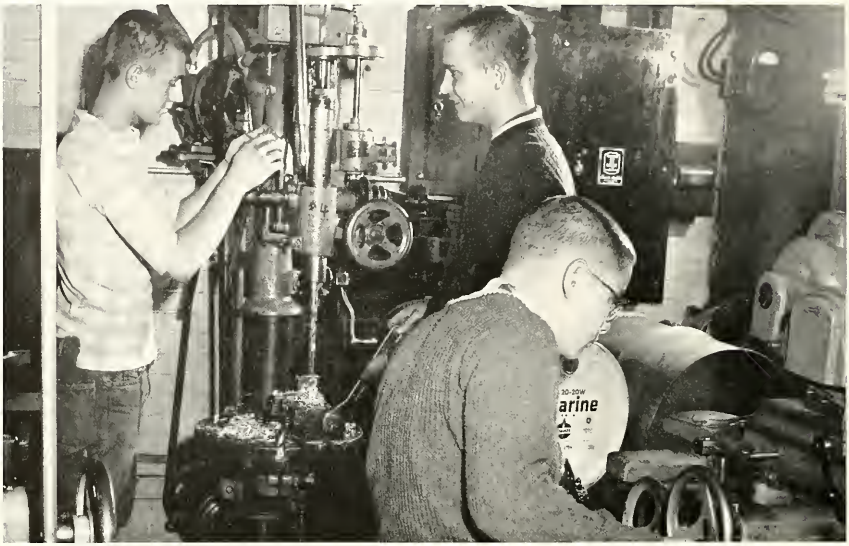
Safety students are given the opportunity to learn the safe driving rules. During class periods, students are able to learn how to drive a car. They learn how to change a tire of a car and are shown the different parts of the car.

Although there are not many cars today that operate by means of the straight stick method, all students learn how to operate this type of gear shift.

A large section of plaster of paris heart is shown by Jim Cover to Deanna Smith. This mold is used to show and explain the functions of the heart.

Explaining how the motor runs, Mr. Cavitt shows Sharon James, Judy Frankovich, and John Hoeppner the different parts of the engine.

Industrial Department Prepares Pupils for Vocational Trades



"Keep machinery clean!" This is one of the fundamental rules that all boys taking machine shop must observe. With the help of Mike Greene, George Beresh cleans the drill press so that it will be in good working order for the next class, while David Eytcheson carefully checks his lathe.

Re-building an old-fashioned sleigh was one of the projects that Duke Durham, Jim Barnhill, and Raymond Ege undertook this year in Mr. Holmes's woodwork class.

The industrial department plays a big part in the Peru High School curriculum. This department prepares students for careers in engineering, printing, and several other fields.

Drafting is the most popular course in the industrial department. Here a student may major in either mechanical or architectural drawing.

Another popular subject is metal shop. Students taking this course learn how to use lathes, drills, and other shop devices. Also offered is vocational shop which meets three times a day. Woodworking boys learn to use machinery especially devised for woodwork projects.

Printing The Peruvian, attendance slips, and the multi-colored passes which teachers use to call students from homeroom or classes is the responsibility of students taking printing.

Print Shop Boys Work Hard To Print a Good Paper

Bob Trexler, sitting high on his draftsman's stool, works on a scale drawing. Students of drafting are taught how to use the T-square and other instruments.

Getting the type set up for the printing of the week's Peruvian is Fred Bishop. He is one of the many boys who print the paper.

Concerts and Many Other Activities Keep Students Busy

Musically minded girls at PHS can earn credit and gain experience through singing with the Belles. This is a select group which performs at school functions and serves as a stepping stone for Choir.

Another singing group which is open to girls and boys alike is the high school Chorus. Any student is eligible, and the Chorus meets during school hours. This group is also featured at school and public concerts.

All high school students are required to take two years of physical education. Those who plan to be physical education teachers often take the course during all four years. In gym classes students not only do exercises and gymnastic stunts, but also learn how to play such games as deck tennis, volley ball, and volley baseball.

Practicing a new song. Carolyn Ebert and Cathy Miller play for Ruth Baber, as other members of the Belles listen to Mr. Noble's instructions.

Leading the physical education girls in exercises are Cindy Dixon and Linda Pope. The girls also play many different types of games during gym classes.

"Indiana has 13 electoral votes," explains Judy Wyneken as she reads from one of the pamphlets that were distributed to students. Freshmen and sophomores had to learn the complicated election laws of our country and the qualifications and duties of the various officers.

A new map in Mr. Biddle's class proves to be very useful as Jim Blackman points out the location of Peru, while Vicki Miller tells the history of our state, the nineteenth to be admitted to the Union.

Government Pupils Teach Voting Methods to Underclassmen

Government classes were especially busy since this was an election year. Seniors taking government were responsible for teaching the underclassmen voting procedures. In government classes seniors also studied income tax forms. Since most seniors have part-time jobs and must file tax returns, this study was very practical.

One of the required subjects for juniors is U. S. History. In spite of the fact that it is compulsory, many students enjoy this subject thoroughly. Generally, students in these classes have a semester research paper to write.

A very popular elective at Peru High School is World History. In this course students learn about the history of foreign countries and the various forms of government. Detailed map-making is also part of this course.

Peru High School is very proud of its social studies department and believes that it offers a well-rounded course.

"Democrat or Republican?" ponders Jerry Mallow as he participates in the sample ballot voting in government class. The results of the school election usually indicate what the outcome of the national voting will be.

PHS Mourns Death of Miss Mary Stutesman, Dean of Girls

Students, faculty and alumni of Peru High School lost a valued teacher and friend in the death of Miss Mary Stutesman, who had been a member of the faculty for 44 years and Dean of Girls for more than 20 of those years.

Quiet and unassuming, but with a firm will and keen wit, Miss Stutesman was a strong influence in the lives of those students whom she counseled. Many young people were persuaded by her encouragement to finish their high school education. Her love of the very best in literature was transmitted to the hundreds of English students whom she had taught through the years. She took particular interest in the Girls' League, which she had organized in her early years as Dean of Girls and which she still sponsored at the time of her death.

Miss Stutesman's was a life devoted unselfishly to her work, her church, and her friends. Her death, which she fought with quiet courage, leaves a place at Peru High School which cannot be filled.

School Officials Plan Fourth New School for Peru

The biggest job in a school system is that of superintendent. In Peru this position is held by Mr. Fred Fechtman. He supervises nine schools and serves directly under the school board. Working in the superintendent's office are Mrs. Mary Tresch, Mr. Fechtman's secretary; Mrs. Marian Lingenfelter, attendance officer, and Mrs. Mary Robinson, secretary to the school board, who also works with Mr. Fechtman.

Governing all city schools is a school board made up of five members appointed by the city council. This board sets the policy under which the Peru public schools operate. This year's school board has been busy, not only with the big move into the new junior high school, but also the planning of a new elementary school to replace the old Holman structure. When completed, it will mark the fourth new school for Peru since 1957.

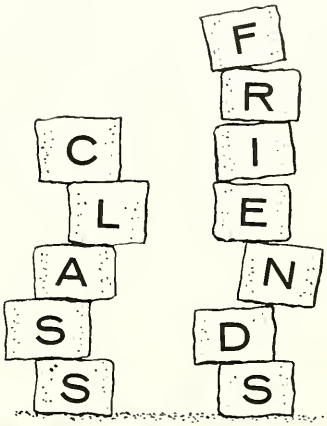
Looking through the many thick files stored in his office, Mr. Fechtman reflects on the amount of work involved in operating a school system of over 3,000 pupils and 110 teachers.

These citizens operate a big business, the Peru City schools. Meeting in regular session every month, they set the school policies. Seated are Mrs. Mary Robinson, secretary to the board; Mrs. Wilbur Neher, president; Mr. William Bullock, secretary; Mr. Paul Fultz, treasurer, and Mr. George Long, member. Standing are Mr. Fechtman, Mr. Robert Haig, school attorney, and Duey Cypherd, member.

During the year we

MEET MANY DIFFERENT

PERSONALITIES . . . .



CLASS
FRIENDS

The sight of seniors standing in the halls, exchanging pictures and namecards, is a common sight at Peru High. Class officers Jay Weinke, vice president; Julie Redmon, secretary; Linda Crawford, treasurer, and Jim Palmer, president, are a little confused as to who is supposed to get whose card.

As Graduation Approaches, We Experience Laughter, Tears

Four unforgettable years at PHS have come to an end for us seniors. Memories of events, from our first day as doubtful freshmen to our last day as mighty seniors, will go with us.

When sophomores, we were the first class to choose Tiger heads for the emblem on our class rings. "The Brainstorm" and "Abstract Ball" were our major undertakings in our junior year. Both the class play and the prom proved to be successful.

We bustled with activity and vigor during this, our last year. Our main duty was promoting school events. Whenever there was competition, we always put up a good fight and usually ended as victors. We raised the money for our class gift by supporting our play, "Dino."

Laughter, tears, work, and wonder have played important roles during the past four years, and the knowledge gained from these school experiences will doubtless play an even bigger role in our future.

"Beat 'em, Tigers, beat 'em!" yell members of the special senior yellblock formed for the sectional. Throughout the year seniors frequently wore their senior cords to the games both at home and away, but this was the first time they sat together and yelled as a group.

The Junior-Senior Prom was the big project of the Junior Class officers this year. Here they are viewing a poster advertising the Prom sketched by Mr. Wayne Taylor, art instructor. From left to right: Della Eckelbarger, secretary; Danny VanTreese, vice president; Frank Welke, president, and Tom Scott, treasurer.

Juniors Share Mixed Emotions As School Days Slip By

From the time the first election tag was passed out until the last day of school arrived, the Junior Class officers were busy. They were assisted in their responsibilities by their class sponsor, Miss Ina Hornish.

With the help of the class, these officers made the Junior Play a success, enabling the Class of '62 to give the traditional gift of the Junior-Senior Prom to the graduating seniors. The year also brought new experiences and mixed emotions to the class, as they realized that their high school days were slipping by. The most exciting occasion occurred the day they wore their class rings for the first time.

"We've made it!" exclaims Judy Waltz to Bill Goodwin, as the two check their grade averages with Assistant Principal Ben Rufe. Their high averages qualified them for National Honor Society.

"The other stairs, Rick!" As Richard Maggart absent-mindedly starts up the west stairs, Bette Darby and Susan Carlin point out his mistake and remind him that one must always go up the east stairs and down the west stairs.

An exciting moment is at hand for Sophomore Class officers, Roberta Thompson, vice president; Sally Crowden, secretary; Jerry Bradley, treasurer, and Pat Brindle, president, as they eagerly view samples of class rings from which they will choose for themselves and their classmates.

Knowing Routine, Sophomores Play Active Role in School

The big event of the year for the Sophomore Class is ordering class rings which will be worn and perhaps even exchanged a few times during the remainder of their high school careers.

Other duties for which the Sophomore Class is responsible are decorating the stage in Tig-Arena for the seniors' Commencement exercises in May and marking in various ways each year, the reserved section of chairs for that special occasion.

Miss Elizabeth Ridenour and Mr. Brentis Berkshire are co-sponsors of the class and are always ready and willing to offer their advice to those who desire it.

"Good work, fellows!" These beginning journalism students, all sophomores, are turning in Narcissus ads, which they have sold, to Helen Phillips, Narcissus advertising manager. Left to right are Bill Mowbray, Kent Dove, and Sam Goodwin.

"Be careful, Susie!" Among the lessons learned in Suzanne McCarthy's safety class is that alertness is always essential for all drivers who wish to keep their traffic record perfect.

This Year Sees the Last Freshman Class Enter PHS

Freshmen entered PHS in the fall and were wide-eyed and curious, but before they knew it, they were right in the swing of things. Their big brothers and sisters escorted them through the school and showed them where their classes would be.

Algebra, biology, English, Latin, Spanish, and General Math are among the subjects from which they chose. They quickly found that being a freshman was harder than being in junior high, but it was still a lot of fun.

Studies took up much of the freshmen's time; however, they found time to attend football and basketball games. Many soon became regulars at high school canteen at the YMCA.

Next year there will be no freshmen in the senior high school since ninth grade students will remain in junior high under the new 3-3 plan adopted by the school board.

Reporting to a strange room in an unfamiliar building scared most freshmen. After paying bookrent, they were issued locks and locker combinations. Here Nancy Reineke and Bonnie Day learn how to open their locks on the first try.

"In three years maybe our class will have its trophies in the trophy case," says Bob Musgrave to DeRees Clark, as they view reminders of past athletic glory. Both boys are freshmen, members of the final ninth grade to enter PHS.

Tigers Win First CIC Championship in Football Since 1949

Dave Werner is ready to center the ball to Coach Bob Larson, who is demonstrating a play for John Atkinson, quarterback. Looking on are Halfbacks Otto Edwards and Gerald Sherrick and Fullback Phil Newhouse.

Coach Bob Larson, in his first season as head coach, guided the football Bengals to six victories and a tie in seven conference games to capture the title for the first time since 1949. Peru lost two non-conference games to Logansport and Kokomo.

Logansport squeaked past Peru in the opener, 13 to 6. The game was evenly played, but the Berries edged the Tigers in tallies.

Peru won the next four games, downing Monticello, Plymouth, Rochester, and Wabash in that order. Monti put up a good fight, but the Tigs surpassed them, 33 to 13. Peru trounced Plymouth, 32 to 0, and Rochester, 41 to 6, before struggling to an 18 to 6 win over the Wabash Apaches.

Kokomo bombed the Tigers with everything in sight as they rolled up a 63 to 6 score. A bright spot of the season was the fact that Peru was the only team to score on Huntington when the Peruvians tied them, 7 to 7. The Bengals followed up the Huntington tie with wins over Tipton, 27 to 19, and Elwood, 40 to 12.

Gerald Sherrick scored 80 points, enough to win the conference scoring title. Gerald was given the Kiwanis Most Valuable Player Award, and he finished second in the voting for the Most Outstanding Player in the CIC. He was named to the CIC first team.

Dave Werner was given the Elks' Past Exalted Ruler Award for the best defensive player. Dave led all Peru tacklers with 45 tackles, even though he missed the Kokomo game. Dave was also named to the All-CIC first team.

Freshmen, B-Team Gain Skill, Knowledge For Coming Season

This year's Freshmen team won one while dropping three. **Row 1:** P. Horst, C. Whybrew, J. Barnhart, J. Mock, B. McCormick, D. Jordan, B. McKinley. **Row 2:** T. Hoover, C. Phillips, R. Sutton, A. Coach Harold Cavitt's B-Team enjoyed a good season this year, winning three out of five games. The victories were over Wabash (twice), 21-0, 20-0, and Plymouth, 28-27. Peru dropped contests to Logansport, 6-18, and Kokomo, 0-32.

The future varsity gained valuable experience and skill in the B-Team games. Most of the team is made up of sophomores and juniors.

For The Coming Season

The Freshman team won one game this season, but they lost three others. Coach Norman Holmes' squad's lone victory was over Plymouth, 28-6. The defeats were dealt by Wabash, 0-24, Logansport, 0-26, and Kokomo, 6-19. The Cubs lost the first three games before trouncing Plymouth.

It was Coach Holmes' first year as freshman mentor, and he drilled primarily on fundamentals.

PHS Netmen Win Second Consecutive CIC Championship

The PHS varsity basketball team under Head Coach Bob Biddle won their second consecutive Central Indiana Athletic Conference Championship in the 1960-61 season. The Tigers also won the Sectional Tournament before losing to Kokomo, 95-64, in the Regional.

Peru won all ten of their CIC games plus seven others. The season record was 17-8. Tiger victories were over Auburn, 76-49; Huntington, 59-46; Muncie Burris, 43-37; Mishawaka, 77-46; Hartford City, 64-45; Plymouth, 52-45, Rochester, 83-52; Tipton, 74-48; Oak Hill, 69-66; Elwood, 89-82; Wabash, 80-68; Monticello, 77-58; and Alexandria, 64-61.

Danny VanTreese chuckles to himself as the referee sprawls on the gym floor. Danny was an excellent playmaker and ball handler. He scored 29 points against Elwood in a crucial CIC game.

Coach Robert Biddle's boys won their first sectional championship in three years. They are Ronnie Yard, Jim Palmer, John Atkinson, Phil Newhouse, Tom Keith, Ed Schmidt, Randy Geyer, Don Exmeyer, Rich Newhouse, Tom Scott, Bill Arwood, Jim Spohn, Frank Welke, Gerald Sherrick, and Danny VanTreese. In the foreground is Coach Biddle.

Peruvians witnessed an unusual scene during one of the games. Here electricians try to fix the basketball scoreboard which has just failed. Mr. Snyder, the time keeper, tries to give his assistance.

Tigs Grab Sectional Crown

In the Sectional the Tigers rolled over Deedsville, 40-99; Gilead, 35-64; Mexico, 36-69; and stomped Akron, 108-50. In the Akron game Junior Tom Scott scored 45 points, setting a new high for PHS and the Tig-Arena. This erased a previous performance by Tom, when he scored 40. Scott averaged over 21 points a game and was named to the All-CIC first team.

Another Peruvian, Don Exmeyer, made this team too. Exmeyer was the first team center. Rounding out the PHS squad were two scrappy playmakers, Gerald Sherrick and Danny VanTreese. A bruising rebounder named Rich Newhouse was Scott's running mate at forward.

Peru played its final game at Kokomo. It was the first game of the Regional Tournament, and the red hot Wildcats walked all over the Tigers. Kokomo went on to win its first prep state championship in the school's history.

Next year's team will be hurt by graduation as practically the entire bench were seniors. However, three of this year's starters will return.

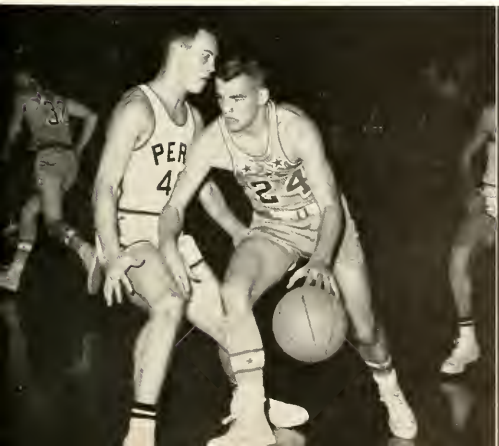
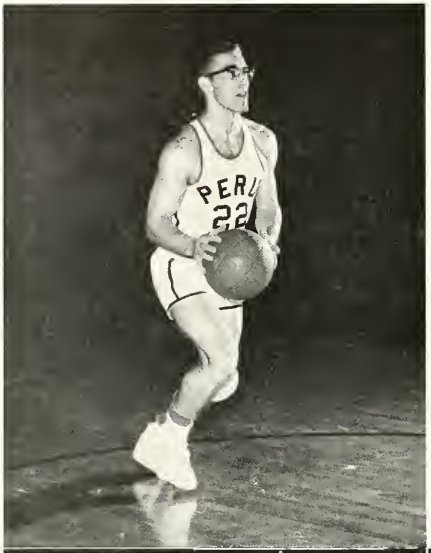
Junior Tom Scott maneuvers to stop his opponent, Ronnie Zent, of Rochester. Peru won the game 83 to 52. Scott scored 31 points in this game.



Randy Geyer and an unidentified Wabash basketball player go down, but the ball gets away from them. Tom Scott, who scored 40 points this game, is in the background.

Three Players Share Top Tiger Basketball Awards



Although Gerald Sherrick, speedy Tiger guard, was a late-comer to the starting five, he walked off with two of the most coveted basketball honors: the Kiwanis Most Improved Player and Hopper Awards. The latter is given for the player showing the best mental attitude, scholarship, and other qualities of an outstanding athlete.

Peru's "Big X." Don Exmeyer (lower left), put the finishing touches on an outstanding season by being voted honorary captain of the Tigers. Winner of this and other awards was chosen by a committee of coaches and athletic administrators.

Finishing his third season on the varsity, Junior Tom Scott received the Durkes-Nelp Best Defensive Player Award. He was also named as having the best free throw record among the members of the regular squad.

Peru's B-Team for the 1960-61 season are: **Row 1:** Coach Brentis Berkshire, Jim Fry, Hal Sonafrank, Steve Moffard, Glen Borden, and Dale Landis. **Row 2:** Rich Dobler, Craig Blackman, David Denny, Gary Correll, Bill Abbey, and Jerry Bradley.

Tiger B-Team Compiles Record of 8 Wins and 10 Losses

Peru's B-Team gained valuable experience and knowledge during the 1960-61 basketball season. This know-how will be very useful to Head Coach Robert Biddle in coming seasons.

The Cubs won 8 games and lost 10. Their victories were over Muncie Burris, Mishawaka, Hartford City, Logansport, Rochester, Tipton, Elwood, and Wabash.

Coach Brentis Berkshire experimented with several different starting fives during the year trying to find a consistent winning combination. In the County Tournament, the Tiger Cubs lost to Gilead in their first game. The final score was 51 to 58.

Leading scorers for the B-Team were Rich Dobler, Hal Sonafrank, and Dave Denny. Dobler and Sonafrank are juniors, while Denny is only a sophomore.

Bill Abbey and Rich Dobler try to recover a loose ball in B-Team action.

The freshman basketball team are: **Row 1:** Leroy Pope, mgr., Mike Hartz, Ted Comerford, Don Hostetler, Dick Hendricks, Rick Penn, Jerry Ainley, and Mike Joseph. **Row 2:** Tom Chapin, John Grady, Dale Ramsey, Bob Musgrave, Jerry Herron, Kent Dawalt, Jim Nye, and Coach John Rigel.

Freshman Team Wins But Two Games; Loses Tournament

Coach John Rigel's freshman team won only two games, and they lost 17. This is one of the poorest records recorded by a PHS freshman team.

The victories were over Monticello, 38-26, and Wabash, 39-35. The frosh lost to Marion, Huntington (twice), Tipton, Logansport (twice), Warsaw (twice), Northwestern, Oak Hill, (twice), Eastern, Wabash, Kokomo, Rochester, and Plymouth.

The team lost the first game of the Freshman Tournament to Oak Hill, 23-38. Oak Hill went on to win the tourney.

This group has good height and depth, but they just could not play consistent basketball. Most of these players will advance to the B Team next year where they should improve.

Two Peru frosh, prospects for a future varsity team, fight for rebounds during a contest between Peru and Monticello. Peru won this game, 38-26.

Intramural Sports Provide Many Students with Recreation

Many PHS students participate in intramural sports activities during the school year. The girls are furnished recreation through GAA. The girls play basketball, volley ball, deck tennis, dodge ball, and bowling. Bowling takes place at the Hillcrest Lanes. The other activities are on Wednesday nights after school in the old gym.

The boys can sign up to play basketball during the noon hour every day if they are willing to sacrifice their lunch. Noon League lasts until the State Basketball tourney ends. Jim Woolley's team won in this year's action. Usually after the regular season ends there is a tournament and an all-star game.

Beth Holmes looks on as Michaele Wilkinson tries to pick up a spare. GAA bowling took place on Monday evenings after school.

Denny Yoder is guarding Otto Edwards as he drives toward the basket in Noon League action.

The winning team in Noon League was captained by Jim Woolley. His team includes. **Row 1:** Woolley, Dick Cypherd, and Keith Ballee. **Row 2:** Dave Holland, Jim Blackman, and Carl Smalley.

Cross Country Runners Have Best Season Record in Years

Coming across the finish line at practice are Rich Maggart, Hal Sonafrank, Jim Woolley, and Randy Geyer. In the background are Jim Spohn, Bill Zimmerman, and Carl Smalley.

Peru's harriers, under mentor Bob Biddle, enjoyed the best season in years, winning six of 10 meets. They also finished fourth in the CIC and sixth in the Sectional.

Junior Hal Sonafrank teamed up with Randy Geyer to give Peru a winning one-two combination. They were backed up by Rich Maggart, Jim Woolley, and Bill Zimmerman. Peru's victories were over Oak Hill, Rochester, Plymouth, Wabash, Monticello, and Eastern.

Coach Robert Larson's Matmen Win Seven, Lose Six

The big and the little of it are seen here as two varsity wrestlers, Dave Werner and Bob Trexler, pose in wrestling stance. Werner has been a varsity wrestler for four years, while this is Trexler's first season.

Even though inexperience hindered them, this year's grapplers finished above the 50 per cent mark—the record was seven wins and six losses.

Peru's victories were over New Haven, Fort Wayne, Lafayette Jeff, Culver Military, South Bend Adams, West Lafayette, and Frankfort. During the majority of the year's matches the team had six or seven first year men.

Coach Robert Larson's top wrestler was Senior Dave Werner. Over the past two years Werner has compiled a record of 40 wins, two ties, and two losses. Werner received the Isenbarger Award for the third straight season. It is presented to the most outstanding wrestler. Werner advanced as far as the regionals, where he was beaten in the second match by the eventual state champion.

Peru netted only one victory besides winning the Class B division of the Delphi Relays. Most of the track team were juniors and were back for the 1960-61 season.

Over the season three school records were either broken or tied. Besides Geyer's new high jump record, Phil Newhouse raised the shot put record to 51 feet 6¼ inches. The Gold Dust Twins, Jim Spohn and Ronnie Yard, tied the pole vault record of 11 feet 10 inches.

The team had a very good field squad but they needed better cindermen.

Undefeated PHS Tennis Team Finishes Season, 13-0

The racquet wielders under Coach Joe Saine compiled a 13-0 record in team matches, and they won the Lafayette Jeff Doubles Tournament, the CIC Tournament, and the Burris Invitational Singles Tournament.

The No. 1 doubles team of Gordon Constable and John Sonafrank won the division titles in both doubles tournaments as did the No. 2 team of Phil Rush and Jim Gothard.

Rush and Gothard broke the record for consecutive doubles matches won with 33 straight, breaking Constable and Sonafrank's record of 32.

Peru was followed in the CIC by Muncie Burris, second. In Burris's tournament Constable, Sonafrank, Rush, Gothard, and Bradley won championships in their different divisions.

Jerry Bradley prepares to return a service. Jerry, the youngest of a tennis-playing family, was a mainstay on the first team this season, and has several trophies to his credit.

The Tiger linksmen had another exceptional season, winning thirteen while losing just one. The loss was dealt by Kokomo, but a few days later the Tigs gained revenge as they beat the Kats 8½ to 6½.

In the annual CIC Golf Tournament Peru came out on top for the second straight year. Mike Tschiniak won a silver medal by having the second best round played when he shot a 75.

Mike Redmon tees off during a practice session in the chilly spring air. Mike was one of PHS's top golfers last year.

Freshman Yell Leaders for the 1960-61 campaign were Beverly Black, Joe Beauchamp, and Janice English. They worked hard to learn the different yells of PHS.

Student Council Representatives Plan and Direct Activities

Preparing for Mr. Delph to arrive for a meeting are the officers of the Student Council. They are Rita Williams, secretary; Jim Palmer, treasurer; John Wolf, president; Jim Gothard, vice president, and Gerald Sherrick, sergeant-at-arms.

On Thursday, October 6, John Wolf was elected president of the Student Council with Jim Gothard as vice president. Later Rita Williams was elected secretary, while Jim Palmer was named treasurer and Gerald Sherrick, sergeant-at-arms.

The Council has done much this year to help improve PHS. It was through the effort of the Student Council that our noon-time dancing program was revived. It was also the Student Council that was in charge of the United Fund Drive. Another activity in which they participated was Retail Education Day, when members of the Council visited various businesses of Peru and found out how they were operated. Another project which they undertook was selling tickets at the freshman football games. They tried to increase the school spirit this year by putting on skits at various pep sessions.

Making a set of rules for noon dancing was one of the many jobs of the Student Council representatives. They are: **Row 1:** J. Allbritten, D. Crawford, J. English, D. Davis, M. Sahaidachny, N. Ayres. **Row 2:** Mr. Donald Stone, sponsor; D. Rassner, G. Daly, S. Crowden, M. Garber, R. Baber, J. Garlinghouse, D. Jordan. **Row 3:** J. Palmer, L. Wernz, R. Burkhart, G. Sherrick, J. Hettwer, R. Outstanding triumph was the annual Peru Invitational Meet, in which local students, competing with nearly 700 contestants, won the sweepstakes trophy for the third straight year, thus retiring it permanently. Top point-getters were Mary Jo Willingham, impromptu and extemp; Mike Reinhardt, dramatic and oratorical, and Ted Poulton, humorous.

Others who could be counted on for valuable points in every competition were Louise Tschmel, Larry Deck, Dick Sims, and Helen Bazarnyj.

Deciding where to hang the NFL emblem are the officers: Jill Clarkson, secretary; Mary Jo Willingham, historian; Larry Deck, treasurer; Mike Reinhardt, vice president; Dick Sims, president, and Mr. Queener, coach.

Girls' League Plan Kid Party, Dance, Auditorium, and Tea

"How does this look?" asks Nancy Gustafson, Girls' League president, as the officers prepare name tags for the Kid Party. Other officers include, back row, Linda Bishop, second vice president; Rita Williams, first vice president; Bonnie Hudson and Helen Bazarny, art co-chairmen.

The Kid Party was one of the main events sponsored by the Girls' League. It is an annual affair giving new students and freshmen a chance to get acquainted and act as little "kids." The theme for this year was "Through the Looking Glass," and the girls dressed either according to the theme or as small children.

At Christmas the Girls' League sponsored an auditorium and a formal dance, "Santa Fantasy." A surprise visit by Santa Claus added a special touch to the evening.

The arrival of Spring brought the Mother and Daughter Tea. At this affair all PHS girls entertained their mothers. It proved to be a success and closed the activities for this year's Girls' League.

"The aftermath of a party!" groan the other Girls' League officers as they load empty bottles into the car. They are Terry Hunt, assistant treasurer; Julie Redmon, recording secretary; Susy Porter, corresponding secretary, and Sally Wiltshire, treasurer.

Helping to make decorations for the Kid Party were the members of the Council. They are: **Row 1:** S. Alspach, A. Schmidt, C. Temple, A. Davenport, S. Crawlord, S. McKinley. **Row 2:** S. Sampson J. Ward, K. Doty, L. Tschmel, S. Reed, P. Butzin, N. Doran. **Row 3:** J. Jackley, D. Smith, M. Boone, J. Struble, T. Mullet, M. Haffner. **Row 4:** B. Holmes, J. Evans, N. Reineke, T. Steele, J. Boys' League Council members, elected from each homeroom, are in charge of the annual Sweater Hop. They are: **Row 1:** D. VanTreese, R. Yard, J. Clark, C. Lee, D. Exmeyer, D. Werner, M. Doran, M. May. **Row 2:** K. Oyler, M. Chittum, B. Holy, B. Abbey, P. Arrick, J. Ward, D. Briggs, J. Hoeppner. **Row 3:** B. McCormick, T. Friend, R. Williams, D. Myers, R. McKinley, B. Mawery, P. Horst, Mr. Wernz.

League Representatives Familiarize New Students with PHS

"Where is Room 114?" is a typical question that might be asked more frequently during the first few weeks of school if it were not for the Girls' and Boys' Leagues. Acting as "big brothers," the 29 upperclass representatives to the Boys' League showed freshman boys and other new students around PHS and helped acquaint them with the routine.

The impressive candlelight services for the annual League-sponsored Thanksgiving Auditorium were conducted by the Rev. Ralph Overmyer, pastor of the local Evangelical United Brethren Church.

With Mr. N. E. (Gene) Wernz assisting, the officers also planned the annual Sweater Hop, which was March 17, in the old gym.

Planning and writing the program for the Thanksgiving Auditorium are the jobs of the Cabinet members. Gerald Sherrick, president; John Atkinson, secretary; Richard Newhouse, treasurer, and Phil Newhouse, vice-president, are shown here as they practice for the big day.

They are Babette Kramer, program chairman; Linda Crawford, secretary; Sondra Crawford, president, Jeannie Simon, vice president, and Sharon Clark, treasurer. Hi-Y Clubs Strive for Higher Goals in School, Community

The purpose of the Hi-Y clubs is to create, maintain, and extend throughout the school, home, and community high standards of Christian character.

The Senior Hi-Y was quite active this year and had a large membership. These boys collected money for the March of Dimes at basketball games and participated in the World Day of Prayer program.

Although the Sophomore Hi-Y group was smaller, they still proved of service to the school and community. They collected money at Christmas time and sent Care packages overseas. "Help Others" Theme of Local Junior Red Cross Members

Members of the PHS Junior Red Cross were among the busiest groups in school, having worked on many projects throughout the year. One of these was visiting the Marion Veterans' Hospital, where the girls were hostesses for several coffee hours. The club also made posters for the Miami County Red Cross chapter.

Gift boxes were assembled to send to needy persons in foreign countries. These kits contained health articles, such as tooth paste, combs, and soap, which were not otherwise available to the recipients. Preparing a school chest to be given to a school struck by a major disaster was another project. The chest contained pencils, paper, erasers and other items of equipment.

At Easter the group was able to serve others by making Easter baskets and distributing them among the residents of the County Home.

The chief money-making project of the club was a bake sale. This method of obtaining funds was a change from previous years; the club had traditionally sponsored singing valentines.

Because of the size of the group, it was divided into two sections, with Mrs. Kay Jordan and Mrs. Alma Zeigler as sponsors.

In Mrs. Jordan's group are: **Row 1:** S. Glassburn, E. Edwards, J. Hunter, M. Hahn, R. Harris, N. Hedrick, G. Chilcutt, C. Hinton, P. Butzin. **Row 2:** J. Long, J. Hunter, B. Grey, K. Pegg, N. Football, Basketball Games, Annual Concerts Are Successful

A bandsman's life at Peru High School is an all-year affair, starting with football season and ending with the Commencement exercises. Band members will always remember the hard work they had to do to put together the pregame and half-time shows for each football game. These bandsmen had to practice at the football field each noon hour, rain or shine, until the show was perfected. When the football season was over, the band continued to practice for the basketball season.

At these games the Tigerettes and Majorettes provided half-time entertainment accompanied by the band. At the end of the basketball season, when everyone was just getting his breath, it was time for serious rehearsing for the Christmas Concert. Two different bands were formed for concert playing. These were the whole band and a smaller, select group, the Symphonic band. Also, later in the year, came the Spring Concert. These bands worked very hard to give a good performance at each of these annual events.

Each year all of the bands in the county get together at the Miami County Music Festival. This year Mr. Noble and the band members worked very hard to make this event a successful one for all concerned. During the winter the Symphonic band went to Logansport to play a concert for the students there. In March, Logansport brought us a show. This exchange idea was started last year when our choir went to Logansport.

Last of all, at the end of the year, the band played for Baccalaureate and Commencement exercises. These many activities made up a very full schedule in a very successful year.

Pep Band Provides Music; Band Council Directs Activities

The pep band blasts out songs while supporting the team at pep sessions. Members are: **Row 1:** L. Smith, P. Zartman, R. Williams, B. Kimpel, O. Goodwin. **Row 2:** P. Gallagher, R. Baber, C. Assisting Mr. Noble with his many duties in directing the band is the job of band officers. They are: **Row 1:** J. Gothard, student director; D. Wooten, captain; D. Cleveland, second lieutenant; M. Miller, assistant manager. **Row 2:** C. Sharpf, head Tigerette; L. Bishop, publicity chairman; S. Hayes, manager; P. Gallagher, head Majorette; J. Devine, first lieutenant; R. Williams, librarian; P. Zartman, librarian.

Belles Sing; Noble Helps All

The center of all yelling and noise at the pep sessions was the Pep Band. This group encouraged yelling by adding their enthusiasm and musical ability to the occasion. The members were selected from the Band and were under the direction of Mr. James Noble, music instructor. These people added much zest to pep sessions.

A musical organization newly formed at PHS was the Belles, a group composed of sophomore, junior, and senior girls. They sang at the concerts and for many public functions. Rita Williams was the president of the group, while Nancy Redmon served as secretary. Other officers were Sally Sampson and Roberta Thompson, librarians; Nancy Donaldson, soprano representative, and Beth Schlageter, alto representative. This group was also directed by Mr. Noble.

Although Mr. Noble, director of music, has to worry about Band, Choir, Pep Band, Swing Choir, Belles, and chorus, he still finds time to help out with his own musical talent.

Members of the Belles are: **Row 1:** R. Baber, K. McNeeley, M. Marefield, M. Richter, C. Miller, N. Donaldson, M. Wilkinson, J. DeLawter, M. Montgomery, T. Bender, J. Craft, D. Sedam, B. PHS Choir Boasts a Successful Year of Musical Activities

Accompanists for the singing groups of Peru High are Kay Doty, Cathy Miller, Sharon Zook, Judy Waltz, Jean Wallace, Carolyn Ebert, Jayne Evans.

Being a member of the Peru High School Choir requires more than one class period a day. Choir members quickly found this out as they plunged into the extra work that made this year's many activities successful. Their main projects were the Christmas and Spring concerts. In addition to these annual programs, the group performed at several school auditoriums and for other special occasions. They sang for the Thanksgiving and Christmas auditoriums and for the World Day of Prayer program. Also, the Choir entertained many Peru civic organizations, such as the Chamber of Commerce and the Kiwanis Club. All of this made for a very busy year for the PHS Choir.

Members of the Choir council were Jim Gothard, student director; Don Exmeyer, president, John Atkinson, vice president; David Werner, manager; Linda Bishop and Beverly Norem, librarians; Kay Burgher, soprano representative; Susy Porter, alto representative; Pat Coady, tenor representative, and Don Carswell, bass representative.

This year Ronnie Doucette was elected president of the State Tri-M. The officers of the Peru chapter were Rita Williams, president; Jim Gothard, vice president; Linda Bishop, secretary; Anne McCormick, treasurer, and Jackie Devine, historian.

GAA Activities Include Bowling, Volleyball, and Basketball

Looking over the attendance records are the GAA officers. They are Sondra Crawford, president; Karen Johnson, corresponding secretary; Barbara Potter, co-recording secretary, and Nancy Gustafson, treasurer. Absent is Karen Dixon, the other recording secretary.

The Girls' Athletic Association participated in many activities during the year. One of these was the bowling league in which almost seventy girls participated. These girls bowled on Monday nights after school. Trophies were given at the end of the season to each girl with the highest series, the highest single game, and the most improved average. Members of the first place team received individual trophies, while a large team trophy was placed in the school trophy case.

Other activities in which the girls took part included volleyball, deck tennis, dodgeball, and basketball. There was a tournament between classes in each sport.

GAA is open to any sports-minded PHS girl. At the end of the year various awards are presented to girls who have earned a certain number of points for participating in GAA activities.

Hoping for a strike are Mary King and Diane Davis, two girls who participated in the bowling league. Buses were furnished by the bowling alley to transport the girls to and from the school.

The group also sponsored a survey of favorite books among all PHS students. This year's officers were Lena Brauneller, president; Judy DeWit, vice president; Rachel Bell, treasurer; Linda Smith, secretary, and Janet Hunter and Renee Lees, co-parliamentarians.

The Future Teachers of America ended their third year at PHS. This club encourages qualified students to enter teacher training and provides information about the profession for its members. New members were selected on the basis of themes written on the subject of teaching. Future Teachers also did "practice teaching" at various grade schools during the year. Science and Art Clubs Promote Specialized Creativeness

Under the direction of Mr. Jess Dice, members of the PHS Science Club met every Wednesday night. They worked on individual projects, a fuel cell, and a hydro-carbon converter.

Requirements for the club were: a member must be enrolled in either physics or chemistry, be a B student, and interested in science. This year's president was selected by a test. Each member was given a two-and-a-half hour examination, with the person receiving the highest mark becoming president.

The PHS Art Club was under the sponsorship of Mr. Wayne Taylor. The group met once a week and worked on projects for their April art show. At the close of the year they took a trip to an interesting center of art.

This year's officers were Bonnie Hudson, president; Dallas Galbraith, vice president; Sue Alspach, secretary; Sandra English, treasurer, and Bill Zimmerman, sergeant-at-arms.

Working on one of their various experiments are members of the Science Club. They are Jim Hartz and Mike Adamson, vice presidents; Larry Deck, president; Tom Keith, treasurer; Bob Dowden; Mr. Dice, and Alvin Etue, secretary.

This year's officers were Tom Keith, president; Nancy Gustafson, vice president, and Larry Deck, secretary-treasurer. Home Room 216, Printing Boys Do Their Bit For Publications

Almost every underclassman hopes to be put in Homeroom 216 when he is a senior so that he can be a Narcissus collector. This year's collectors were kept busy with the distribution of underclass pictures and the collection of subscription money.

Helping with publications work is the print shop staff. When copy for the paper is ready, it is sent to the print shop. There, under the guidance of Mr. Jerry Forrest, the boys make up pages, set heads and type, and print The Peruvian.

Helping run off the latest edition of The Peruvian is the print shop staff: Jerry Crockett, Carl Peek, Fred Bishop, Mike LeDoux, Sam Wilson, and Jerry Swihart.

Members of the Peruvian staff who copyread stories and write headlines are the assistant editors. They are: **Seated:** S. Landes, C. Ohman. **Standing:** T. Lewis, L. McDaniel, V. Welke, D. Stegman, M. Willingham, H. Stephenson, C. Erlenbaugh, N. Redmon, K. Doty.

Peruvian Staff Works Hard

Work! Work! Work! This seemed to be the motto of the Peruvian staff members as they completed each issue of the paper this year. Many students do not realize how much work does go into the paper before they see it each Friday afternoon. The editors must think up ideas for stories and assign them to the reporters. When the copy is in, it must be typed, copyread, and have headlines written for it. It is then sent to the printer. In the meantime the business staff members must make up the ads and collect the money in order to pay for the Peruvian. Then, even before one issue is out, the staff must start again on the next one. All of this meant extra hours of work for the Peruvian staff so that they could meet their deadlines and publish a weekly newspaper for PHS.

Preparing advertising contracts for the Peruvian are the business staff members. They are Diane Opple, business manager; Bob Barnhill, circulation manager; Jay Weinke, advertising manager, and Sally Hough, assistant advertising manager.

Looking over the copy are the editors whose responsibility it is to get the paper out. They are Judy Waltz, feature editor; Sharon Zook, copy editor; Sondra Crawford, associate editor; Jim Grund, news editor; Frank Welke, sports editor, and Vicki Doran, associate editor. Seated is John Wolf, editor-in-chief.

Narcissus Staff Needs Varied Talents to Produce Yearbook

Deciding where pictures should be placed in the dummy are the Narcissus editors, Nancy Gustafson, editor-in-chief, and Tom Keith, associate editor. They were in charge of planning the book and seeing that all the work was done on itme.

Publishing a yearbook involves many hours of writing, picture-taking, research, selling, and hard work by all members of the staff. The Narcissus was "born" last summer when Nancy Gustafson, editor-in-chief, and Tom Keith, associate editor, attended the High School Journalism Institute at Indiana University. They constructed a draft, or "dummy" of this year's Narcissus and set to work organizing the material for the pages.

After school began, the section editors started their work. They were in charge of writing copy and headlines for their sections.

Even though the members of the business staff did not write copy, they were busy people. They kept track of all the money that was spent or earned for the yearbook, saw that all ads were sold and paid for, and that pictures for the ads were taken.

Mrs. Mary Keith, PHS English instructor, became the new adviser of the Narcissus this year.

Writing down the number of the pages on which the picture of each PHS student appears are Mary Ann Charters and Tanee Mullett, index editors. They kept an account of every picture in the yearbook, noting who appeared on each page.

Taking care of the business side of the Narcissus are the members of the business staff. They are Helen Phillips, advertising manager; Pam Longenecker, business manager, and Christy Temple, assistant business manager.

Looking over material to make sure their divisions are running smoothly are the section editors. They are Babette Kramer, classroom editor; Sally Wiltshire and Barbara Parsons, activities editors; Susy Porter, underclass editor; Linda Bishop, senior editor, and Logan Wernz, sports editor.

"It's out of our hands now," seems to be the thought of Tom Keith, Mrs. Keith, and Nancy Gustafson as they throw copy and proof in the air on the day of the final deadline. Joy is evident in the expressions on the faces of the two editors and adviser.

Now That We're Acquainted . . .

No words can amply describe the relief that comes when the final deadline is met, and our book is ready for the printer. More time than the average person realizes was spent preparing the Narcissus for publication, but we have truly enjoyed the work and hope our readers enjoy our book. We have learned to get along with many kinds of people, to organize work, and to know the meaning of a deadline.

We give our sincere thanks to Mr. Bill Manmiller and Ernie Aukschun, of the Peru Sentinel Printing Company, for remaining calm during our mix-ups, printing last minute copy, and striving to get our book published on time—Mr. Jack Bundy, of the S. K. Smith Company, without whose help we could not have designed the cover—Mr. Charles Mueller, of the Ropkey Engraving Company, for engraving all of our pictures—Mr. John Waltz, photographer, who uncomplainingly dashed to and from the school seeing to it that all the pictures were taken.

We also thank Mr. Philip Fox who handled circulation matters and on whom we often relied for advice—the faculty, particularly Mr. Delph, for permitting students to leave classes for pictures—the advertisers for helping finance the book—and everyone else who contributed time and effort.

Especially do we thank Mrs. Keith for all her work. This being her first year as adviser, she discovered along with us the meaning of rushed but accurate work. No job was too big or small for her to do, and we sincerely appreciate it.

All has not been fun, but we have certainly benefitted from the experience. We receive our reward as "Happy to Make Your Acquaintance" becomes a reality!

Nancy Gustafson, Editor-in-Chief,
Tom Keith, Associate Editor.
